**Expression of Interest from Public Sector Oil Marketing Companies
(OMCs) for Developing a Petrol/ Diesel dispensing station
including CNG & EV outlet**

In response to various guidelines and directions from the Industries Dept, Govt of Kerala, the entity desired to utilize its excess un-utilized own land for developing a Petrol/ Diesel dispensing station for a period of 20 years on lease rental basis.

In the light of above, we request all interested Public Sector Oil Marketing Companies (OMCs) to express their interest in developing a Petrol/ Diesel dispensing station (including CNG & EV outlet) at mills own land and to submit a Detailed Project Report (DPR) for the same within on or before 15th JAN 2024.

The DPR should envisage the cost, benefits, services and subsidies offered by you in developing a Petrol/ Diesel dispensing station. The retail outlet will be operated by the Quilon Co-operative Spinning Mills. The Public Sector Oil Marketing Companies (OMCs) shall take the land on long term lease and will develop the Petrol/ Diesel dispensing station at the cost of Public Sector Oil Marketing Companies (OMCs) and hand it over to the mills for operation. The mill will earn lease rental revenue and the dealer commission based on the sales of retail outlets.

In the light of above, we request you to consider the same and respond to it with a DPR within the stipulated time.

Thanking you

Yours faithfully
For Quilon Co-operative
Spinning Mills Ltd
